Design

Utilizing the latest in available technologies, our global design and engineering teams ensure every detail in performance, materials and aesthetics are delivered to meet customers' expectations and safety standards. From concept, to FEA and rapid prototyping—we bring your needs to reality.

Manufacturing

With leading manufacturing facilities located around the world, Shepherd takes a strategic approach to manufacture our products in the regions that best support the needs of our customers.

We are proud to be the leaders in USA Made casters, and constantly strive to set the standards in caster manufacturing, innovation and automation.

Quality

Industry leading test labs and global quality systems confirm our casters meet stringent quality standards. Our in-house capabilities ensure all designs meet or exceed industry standards (ICWM standards) to keep your products safe and mobile.

Service

Customer expectations and requirements are met through a combined success of teamwork, expertise, technology, and commitment to excellence in design and manufacturing.

Our leading teams of inside and outside sales support are the most experienced in the industry, and are positioned around the U.S. to provide local support for all of your caster needs. We are committed to providing the service and support that you can rely on every time.
